

This architectural section drawing illustrates a multi-story building with a complex, stepped profile. The vertical axis is labeled with levels from L-1 to L+6. The building features a large auditorium on the L+3 level, a multi-functional hall (sala polifunzionale) on the L+1 level, and a foyer and canteen on the L+0 level. The building is characterized by its extensive use of glass and its integration with green spaces, including rooftop gardens and terraces. The drawing also shows a series of ramps and stairs connecting different levels. A scale bar at the bottom right indicates a length of 20 units.
